Vision

Become 1st on delivery services in Indonesia with quality, responsible and reliable services.

About Us

PT TECTONA ANUGRAH PRATAMA CARGO is a company engaged in Logistic and Shipping Services, with one of its core business activities being courier and cargo shipping services.

Equipped with reliable transportation resources and an extensive network throughout Indonesia, along with support from shipping partners located in major cities across the country.

PT TECTONA ANUGRAH PRATAMA CARGO has the capability to provide delivery services nationwide via land, sea, and air routes.

Our Services

Land Freight Forwarding

Sea Freight Forwarding

Air Freight Forwarding

Land Freight Forwarding

Land freight offers flexible and reliable transport solutions tailored to your needs, from pick-up to delivery. With experienced professionals and our fleet, we ensure smooth cross-border handling, on-time schedules, and full control of delivery priorities.

Sea Freight Forwarding

As a trusted ocean freight forwarder, we provide efficient and customized sea freight solutions for all major global routes. From FCL to LCL, we ensure reliable transit times and smooth handling of both urgent and large-volume shipments. Through strong partnerships with global and regional carriers, we offer flexible options to meet your shipping needs.

Air Freight Forwarding

Our air freight service is designed to deliver speed, precision, and safety for every shipment, from temperature-sensitive goods to general cargo.
